Program Directors

ACG has the resources you need.

IMAGE

Education Universe GI Training Pathway

This site contains educational materials covering the GI Core Curriculum and allows PDs to assign homework to their fellows.

MORE

IMAGE

NYU OSCE Toolkit

This Toolkit gives you the materials you need as a GI program director to evaluate a fellow’s skills set, using the objective structured clinical examination (OSCE) simulation method.

MORE

IMAGE

Entrustable Professional Activities (EPAs)

A toolbox designed to help meet the ACGME Internal Medicine Subspecialty Reporting Milestones requirements while training fellows to independently care for patients.

MORE

IMAGE

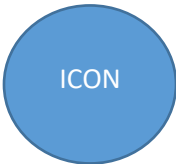

GI Core Curriculum

The Core Curriculum constitutes a living document that represents the four societies’ vision of best practices in gastroenterology training.
